

Application for full membership

The following company/organization _____
hereby request admission to the MARITIME LNG PLATTFORM e.V. as a full
member.

Membership shall be governed by the association's articles of association
and the membership fee regulations. The full annual fee of € 5,000 is due
upon acceptance of the application by the managing committee. The
member will receive a request for payment. The assistance and support of
the launch strategy of LNG as an environmentally-friendly fuel is not a
charitable purpose within the meaning of the German Fiscal Code (AO).
Since it is also about networking, information and assistance of members in
addition to the commitment to the environment and cleaner transport
routes, the above amount will be regarded as a so-called fictitious
membership fee and will hence be liable to statutory value added tax and
will be billed by the association. Membership may be cancelled at any time
pursuant to Section 6 of the articles of association by sending written
notification or an e-mail to the managing committee. The membership fee
paid in the year of cancellation will not be reimbursed on a pro rata basis.

By signing this document, I confirm that I have taken note of and accept the
contents of the articles of association and the objectives of the association.
I hereby agree that the association may store the information provided by
me on data carriers within the context of membership management and
may use this exclusively for association purposes. Furthermore, the
association is entitled to publish the membership after agreeing the nature
of said publication.

Admission to the association shall be subject to the approval of the
managing committee.
